The Optimal Brief | July 2018

Optimal IdM Named a Niche Player in the Gartner Magic Quadrant for Access Management

"We are very pleased to be placed in the Niche Players quadrant and believe it affirms our unique offering that goes beyond what other vendors in the space provide, namely the choice of having a non-shared environment. Or, in other words, a private, dedicated, secure, single tenant for the IAM space."

~ Mike Brengs, CRO and Managing Partner of Optimal IdM
